

Semester : V	
Course No. : GAE-352	Credit Hrs. : 1(0+1)
Course Title : Seminar	

- Objectives** :
- (i) To enable students to improve their knowledge and understanding of a topic,
 - (ii) To develop confidence and competence to identify and compare technical and practical issues related to the area of course, specialization and to present it before a group of people.

PRACTICAL

The student will be assigned to present on a technical and practical issue(s) or on an emerging field. The activities should include establishing motivation for any topic of interest and develop a thought process for technical presentation, conduct a detailed literature survey and to build a document with respect to technical publications, analysis and comprehension of proof-of-concept and related data, and effective presentation with improved soft skills.

It should also involve use of new and recent technologies for creating technical reports and presentation.

The evaluation shall be based on the ability of the student to describe, interpret and analyse technical issues and competence in the presenting the said Seminar.
